Number of

Disasters

(Since 2000)

Kansas is frequently hit by natural disasters, which cause more than \$1 billion in damages on average.

To help Kansas homeowners and businesses financially prepare for impending disaster recovery costs, we've created *The Damage Report*.

Our Assessment

Based on this data, it's recommended that Kansans, perhaps more than residents of other states, add supplemental disaster insurance to their current homeowners or renters policy. Recoop Disaster Insurance pays an express cash benefit to cover the costs typical insurance doesn't, like storm-damage deductibles, certain home repair costs, relocation/lodging expenses and more. There are no deductibles and no restrictions on how homeowners can use their cash.

For more information, visit RecoopInsurance.com.

Recommended Cash Benefit \$5,000 - \$25,000

Estimated Monthly Premium for a \$10,000 Policy:

As low as \$25
